

O.K. Kids News

May 2019

okkidsinc.org

Last month at the Middle School. . .

We started out the month exploring music with karaoke, listening to different music and making several crafts including a straw pan flute and homemade marraccas! We then spent 2 weeks gearing up for Easter while making baskets, bunnies and butterflies! The last week of April we explored the wonderful world of INSECTS! Creepy crawly things are loved by almost all of us! Ladybugs, ants and worms!

In between those weeks, we had April Vacation Club! Thank you to all who attended, it was a week of fun! Sharing our love of Disney, celebrating the ocean, building, painting and playing with legos in playdough as well as a magic show by BeeBee the Clown! More news next month. . .

Last month at the Primary School. . .

This past month the kids, and staff, were able to participate in Zumba! It's always great to see the kids enjoying the music and dancing along! The crafts this past month included button music notes, watercolor Easter eggs, bunny silhouettes, popsicle stick xylophone, and various other crafts during spring break. We enjoyed some of the warmer days this past month and look forward to more!

Parent reminders. . .
